

Information for Agents on Data Breach Coverage

Donegal Insurance Group is offering insureds access to Data Breach Services that will help them prepare for the complexities and nuances of data security. Data Breach Coverage and Services are available on many BOP and CPP policies as an endorsement.

Coverages through Donegal Insurance Group to help assist insureds with a breach:

- First-Party Privacy Breach Expense
- Third-Party Cyber Liability Coverage
- Regulatory Proceeding Claim Expense
- Optional First-Party Business Interruption

Our standard limits offering is a \$25,000 aggregate limit, with the ability to offer increased first party limits at \$50,000 or \$100,000, and third party and cyber aggregate limits up to \$1,000,000. In addition, we can offer optional business interruption coverage with up to a \$100,000 limit.

These coverages include additional services, such as:

- Notification letter preparation, printing and mailing
- Toll free number to IDT911's Resolution Center
- Call handling
- Credit monitoring and fraud alerts
- Fraud resolution services
- Investigative and forensic services

The IDT911 Services provided through the coverage helps insureds to:

- Reduce the chances of a data breach in the first place
- Prepare for those that might occur
- Respond appropriately if they do

Endorsement

Data Breach Coverage and Services are available on many BOP and CPP policies.

Submit for underwriting approval and pricing

- Business interruption coverage
- Policies with ineligible classes
- Application required for some underwriting submissions
